

The Diabeasties Games

The illustration features a blue, furry, worm-like creature on the left with large eyes and a red tongue. In the center, the word 'Games' is written in large, colorful letters (G: white, a: yellow, m: green, e: purple, s: pink). Above the 'm' and 'e' are small white boxes containing the letters 'B', 'E', 'A', 'S', and 'T'. To the right of 'Games' is a yellow, round character with glasses and a red bow tie. Above the 'The' part of the title, there is a small green character with large eyes and a purple squiggly line. To the right of 'The', there is a green, brain-like character with a purple squiggly line. A small brown character is also visible near the 'e' in 'Games'.

Finish the sentence

Our cells get fed when...

Food is mashed up in the tummy...

The pancreas' job is to...

Insulin has a special job...

Diabetes is when...

...and turned into sugar

...to help the sugar get into cells

...we eat

...the pancreas doesn't make enough insulin

...make insulin

What do you call a sad strawberry? **A blueberry.**

.....

Why did the banana go to the doctor?
Because he wasn't peeling very well!

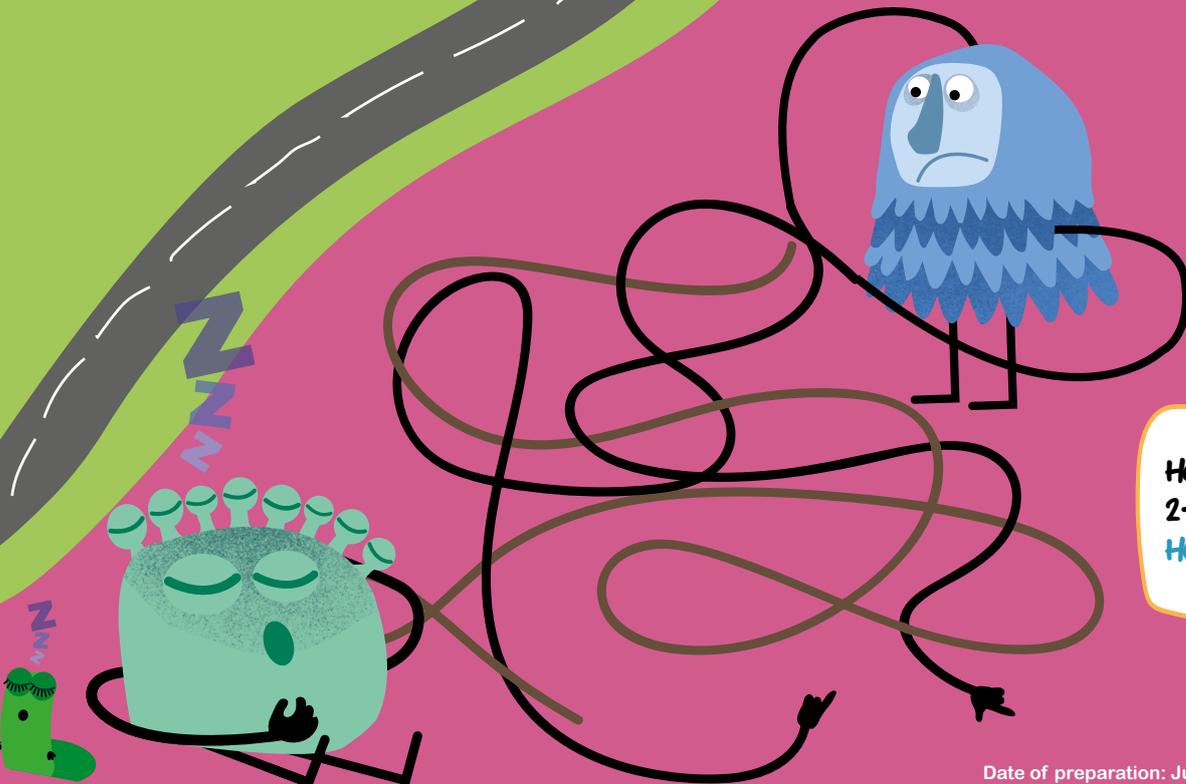

Spot the difference

Unjumble Jangly Booster

Jangly Booster has been tickling Gluey, and has got himself in a bit of a tangle with a pile of rope.

Gluey has been waiting so long, he's gone to sleep! Can you help Jangly Booster work out where his hands are, so he can carry on tickling?

How do you greet a 2-headed monster?
Hello, hello.

Monty's wordsearch

My second favourite thing, after jelly, is words. I love words, and looking for them is even more fun!

I've hidden lots of words here, see if you can find them all!
