# Daryeelida qalinkaaga Trurapi® SoloSTAR®

## Sida loo ilaaliyo qalinkaaga

- Waxaad qalinkaaga Trurapi® SoloSTAR® ku nadiifin kartaa maro qoyan, laakiin ha qoynin ama ha dhaqin qalinkaaga
- Haddii qalinkaagu adkaado in la isticmaalo, ha isku dayin inaad hagaajiso, isticmaal qalin cusub
- Waxaad sidan kartaa qalinkaaga Trurapi® SoloSTAR® markasta. Daryeel qalinkaaga adigoo:
  - Rideynin ma ku garaacin sagxadaha adag
  - Ka ilaalinaya boodhka iyo wasakhda
- Qaadanaya qalin dheeraad ah iyo cirbado dheeraad ah si aad u isticmaasho lacaga haddii kan hadda aad wadato uu kaa lumo ama uu shaqeyn waayo

## Iska tuur qalinkaaga markuu eber noqdo, ama waqtigiisu dhacay

Waaad keydin kartaa qalinkaaga Trurapi® SoloSTAR® ilaa mudo 4 asbuuc ah kadib markii laga shaqeysiyo. Waqtigaan kadib, waa inaad iska tuurtaa, xitaa haddii daawo xoogaa ah ay ku hartay. Bedel furka qalinka oo u tuur qalinka hadba sida uu kugula taliyay dhakhtarkaaga ama kalkaaliyaha caafimaad.<sup>2</sup>

Waad garan kartaa qalinku inuu madhan yahay marka tilmaamaha qiyaasta/dooska uu gaaro calaamada '0' ee ku taala cabirka qiyaasta/dooska, oo badhanka duritaankana aan la soo saari karin.

# Su'aalaha Inta Badan La Iska weydiyo Trurapi®

## Maxaan sameeyaa haddii xumbo hawo ah ay ku jiraan weelka qalinka?

Waa wax caadi ah in xumbo hawo yaryar ah ay ku jiraan weelka qalinka oo waxba kuma yeeli doonaan. Qiyaastaada wali way saxnaan doontaa waxaadna awoodi doontaa inaad qalinka u isticmaasho hadba sida lagu faray.

## Kawaran haddii wax insuliin ah aysan soo bixin inta lagu gudajiro ka shaqeysiinta qalinka?

Waxaa laga yaabaa markaas in irbada ay xanibmatay ama aan si fiican loo xirin. irbadda ka saar oo mid cusub ku dheji. Haddii aysan jirin welli insulin ka soo baxaysa caarada irbadda. Isticmaal qalin cusub.

## Maxaan sameeyaa haddii ay adag tahay in la riixo badhanka duritaanka?

Irbada ka soo saar oo hubi in si sax ah loogu xiray. Haddii ay wali adag tahay in la riixo badhanka duritaanka, waxaa laga yaabaa in xirbida ay xanibmata, sidaas darteed ka saar oo ku dheji mid cusub. Haddii welli wax insuliin ah aysan ka soo bixin, qalinkaaga Trurapi® SoloSTAR® ayaa laga yaabaa inuu ciladoobey, sidaas darteed ha isticmaalin qalinka.

## Maxaan sameeyaa haddii aan si kadis ah isugu duro kahor intaan qalinkaya Trurapi® SoloSTAR® laga shaqeysiin?

Ha isku dayin inaad saxdo arrintan adigoo isku duraya irbad labaad. La xiriir dhakhtarkaaga ama kalkalisada caafimaadka si aad uga hesho wixii talo ah ee ku saabsan sida loo hubiyo heerka sonkorta dhiiggaaga.

## Miyay tahay inaan beddelo irbadayda markasta oo aan isku duro kadib?

Haa - waligaa ha isticmaalin irbad hal mar wax ka badan. Tani waxay kaa caawin doontaa inaad iska ilaaliso infekshin inaad ka qaado meesha lagaa duray iyo si aad uga fogaato in xirbida ay xanibmato.

## Kawaran haddii aan qaadanayo (ama aan doonayo inaan qaato) dawooyin kale isla wakhtiga aan qaadanayo Trurapi®?

Waa inaad u sheegtaa dhakhtarkaaga, farmashiistaaga ama kalkalisada haddii aad qaadanaysid, aad dhawaan qaadatay ama laga yaabo inaad qaadato dawooyin kale, maadaama laga yaabo in saameyn ta daawooyinka qaarkood ay saameyn ku yeelan karto Trurapi®. Waxaa laga yaabaa inaad u baahato inaad wax ka beddesho waqtiga aad daawooyinka kale qaadato si arrintaas looga fogaado.
